

DRAFT

Subtopic E4: Parking

Thirteen public and agency comments were submitted for the E4: Parking subtopic. From those 13 comments, 1 common concern statement was created. The following theme was presented for Subtopic E4: Parking:

- The Draft PEIS did not address local community parking for the additional cars that would be brought into the Corridor if highway capacity is increased.

CCS No.	Transportation Common Concern Statements (CCSs)
Subtopic E4: Parking	
E 4-a	Inadequate Discussion of Parking Issues The PEIS does not adequately address the issue of local community parking for the additional cars that would be brought into the Corridor if highway capacity is increased. Parking issues include the following: <ul style="list-style-type: none">• Lack of space for parking lots in Vail and Summit County• Funding/resources for construction of new parking lots• Expansion of local roads for parking lot access• Impact of new parking lots on 4(f) properties• High-value property in resort areas being used for new parking lots instead of residential or commercial spaces
