Subtopic i6: Community Values

Two public and agency comments were received on the i6: Community Values subtopic. From these two comments, one common concern statement was developed. The primary theme associated with the i6: Community Values subtopic was:

- There are concerns about preserving the quality of life and not imposing on the remaining space between Idaho Springs and Silver Plume

CCS No.	Mitigation Common Concern Statements (CCSs)
Subtopic i6: Community Values	
i6-a	Preservation of Quality of Life (Idaho Springs and Silver Plume) Care should be taken between Idaho Springs and Silver Plume to preserve the quality of life in those towns and not unduly impose upon the space that remains in those locations.
